DESENHOS DOS ALUNOS

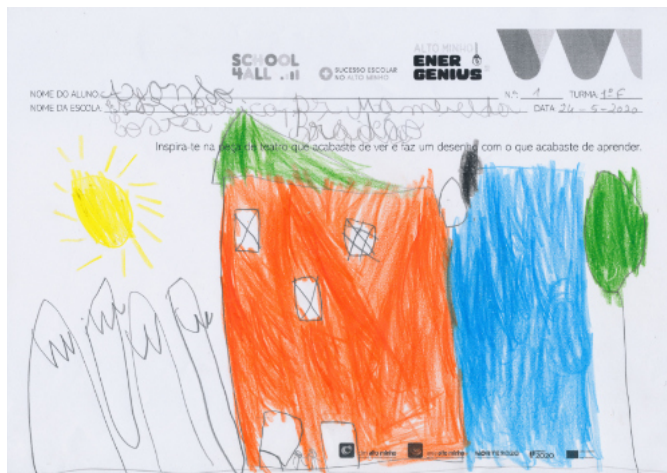

O ano letivo 2021-22 foi repleto de desafios... à pandemia de COVID-19 e à necessidade de ensinar e aprender à distância, juntou-se a guerra e os constrangimentos que dela resultaram. Mas este foi também um ano de oportunidades... de rever velhos amigos e de fazer novos; de “ouvir” a Natureza; de respirar ar (mais) puro; de partilhar momentos em família; de (re)aprender a fazer mais, com menos... menos recursos, menos dinheiro, menos tempo... mas com muita mais imaginação.

Num contexto em que é cada vez mais importante usar os recursos de que dispomos de forma eficiente, responsável e sustentável, desafiámos os nossos artistas de palmo e meio a registar, em desenho, aqueles que consideram ser os principais ensinamentos a partilhar com os gráudos, para que juntos consigamos dar resposta ao atual contexto de emergência climática. O resultado deste desafio é a galeria que, agora, partilhamos.... Para nos orgulharmos dos nossos miúdos, mas, sobretudo, para (re)aprendermos com eles.
